Bright Colors at Night

By George Dare

There's a reason
I wear bright colors at night
(Bright colors; Bright colors)
Cause dark clothes
'll make you disappear out of sight
(Bright colors; Bright colors)

So I try to be safe
Whenever I am going out to play
If it's at night, then you'll know why
I dress this way

I wear bright, bright, bright
Bright colors at night
Cause I know it's better that way

Bright, bright, bright
Bright colors at night
So I'm easy to be seen

Bright, bright, bright
Bright colors at night
To help others know that I'm here

Bright, bright, bright
Bright colors at night
Cause I'm safer when I wear . . .
Bright colors at night

If it's dark out
Remember to always be bright
(Bright colors; Bright colors)
It's the best thing
To wear bright colors at night
(Bright colors; Bright colors)

It's so smart to be safe
And protect myself so I'm OK
When walking home or when I play
Here's what I sing

I wear bright, bright, bright
Bright colors at night
Cause I know it's better that way

Bright, bright, bright
Bright colors at night
So I'm easy to be seen

Bright, bright, bright
Bright colors at night
To help others know that I'm here

Bright, bright, bright
Bright colors at night
Cause I'm safer when I wear

Bright colors at night
Bright colors at night
Bright colors at night
Bright colors at night
