

It's Cool to Count On

Words and Music by Jack Hartmann, copyright 2011 Jack Hartmann

It's cool to count on
It makes your mind strong
So concentrate and do your very best Chorus
I say a number, think of that number
Then say the three numbers that connect

I say 10, you say, 11, 12, 13
I say 15, you say, 16, 17, 18
I say 27, you say, 28, 29, 30
I say 45, you say, 46, 47, 48
I say 50, you say, 51, 52, 53

(Chorus)

I say 62, you say, 63, 64, 65
I say 38, you say, 39, 40, 41
I say 75, you say, 76, 77, 78
I say 13, you say, 14, 15, 16
I say 97, you say, 98, 99, 100

(Chorus)
