**11 - Biting Hurts**

You can bite an apple, you can bite an ice-pop, you can bite a steak
But you don't bite people, biting hurts , no you don't bite people, biting hurts

You can bite a carrot, you can bite a peach, you can bite a candybar
But you don't bite people, biting hurts

No you don't bite your mother, your father, your sister, your brother, your teacher, your uncle, your aunt, your neighbor, your friend or anybody else
You don't bite people, biting hurts
