"STOP, LOOK & LISTEN"

Words & Music By James B. Coffey

When You're Walking Along
Through A City Or Town
And You Hear A Familiar Whistle Sound
You Better Get Eyes Up Off The Ground
There's Somethin' Coming
Take A Look Around

You've Gotta Stop, Look And Listen
That's The Safest Plan For You
Stop, Look And Listen
That's The Sensible Thing To Do

When You're Ridin' Along
In Your Mom & Dad's Car
And See A Round Sign With An R & R
There Might Be A Train That's Not Too Far
Make Them Stop And Look
To See Where They Are

You've Gotta Stop, Look And Listen
That's The Safest Plan For You
Stop, Look And Listen
That's The Sensible Thing To Do

Now It Makes No Difference
If It's Day Or Night
When You See The Gate
With The Flashing Lights
Put On The Brakes And Hang-On Tight
Then Look To The Left And Look To The Right

You've Gotta Stop, Look And Listen
That's The Safest Plan For You
Stop, Look And Listen
That's The Sensible Thing To Do
