

# What's the Time?

(Words and Music by Liam Maloy)

**What's the time? What's the time?  
What's the lemon and lime?  
What's the time? What's the time? What's the time?**

**What's the time? What's the time?  
What's the rhythm and rhyme?  
What's the time? What's the time? What's the time?**

When it's quarter past something, it's easy to see  
The big, big hand points right to the three [repeat]

When it's a half past something, you're half way round  
The big, big hand points down to the ground [repeat]

**What's the time? What's the time?  
What's the lemon and lime?  
What's the time? What's the time? What's the time?**

**What's the time? What's the time?  
What's the rhythm and rhyme?  
What's the time? What's the time? What's the time?**

When it's quarter to something, you're making a climb  
The big, big hand points left to the nine [repeat]

When it's a 1 o'clock, 2 o'clock, 3 o'clock, STOP!  
The big, big hand points up to the top. [repeat]

**What's the time? What's the time?  
What's the lemon and lime?  
What's the time? What's the time? What's the time?**

**What's the time? What's the time?  
What's the rhythm and rhyme?  
What's the time? What's the time? What's the time?**

[Repeat]
