

You Can Count On Me

(Words and Music by Liam Maloy)

You can count, you can count on me.

You can count, you can count on me.

'Cause there's lots and lots of numbers.

I think we all agree.

You can count, you can count, count on me.

1, 2, 3, 4, 5, 6, 7, 8, 9, 10

[repeat in different languages]
