

# The House on Christmas Street

Lyrics & Music by Judy Pancoast © 1998

---

## Verse one

Let me tell you about this house  
There's one in every town  
It's the one, at Christmas-time,  
Where folks all gather 'round.  
Most times of the year you'd pass by and not look back,  
Oh, but in December it'll stop you in your tracks

## Chorus

Cause it's got 47-thousand twinkling lights  
And Santa Claus up on the roof  
Dasher and Dancer and all the other reindeer  
Rudolph's up there, too.  
With a band of merry snowmen dancing on the porch  
And a couple of carolers singing by the lamp post over near the front door;  
Jesus and His Family in a stable on the lawn  
And a choir of heavenly angels singing "Silent Night" 'til dawn;  
It's where everybody meets  
It's the house on Christmas Street

## Verse two

Every year, Thanksgiving Day,  
While we digest our turkey  
The family puts up its display,  
You can see it from Albuquerque;  
Papa says they're electric bill must reach up to the sky!  
But Mama says the joy it brings is more than money can buy

repeat chorus

## Bridge

Every tree is all aglow  
With a "Season's Greetings" banner hanging high  
It's so pretty in the snow  
It's got to put a sparkle in your eye  
In your eye

repeat chorus
