verse 1:
Tiny toes, skipping feet, butterfly wings
When I play, I am a fairy that sings
Gossamer, glittery, very-fine hair
Twigs and leaves, petals and raindrops to wear
Evergreen, wintermint, lavender smell
I am a fairy, I do it so well
Honeydew, hyacinth, daffodil dear
What is that--something just flew by my ear
Was it real or just imaginary?
Woo-hoo-hoo I think I saw a fairy!

chorus:
I saw a fairy, I saw a fairy
Lights were dancing in and out
Pixie dust was all about
I saw a fairy, I saw a fairy
And I saw it go dancing away

verse 2:
Maybe next time I will ask it to stay
I'll make a fairy house where we can play
Gather some flowers and make it a bed
It can fly for a while then rest its head
I'll use some pebbles to make it a door
Here are some feathers to sweep up the floor
Walnut shell bathtub and acorn cap sink
What was that--something just made the light blink
Was it real or just imaginary?
Woo-hoo-hoo I think I saw a fairy!

(repeat chorus)

bridge:
It was right there I could see it
I was as close as you can get
Next time fairy let me meet you
Can you make my wishes come true?

(repeat chorus)
