

## **Down in Old Hawaii**

©2005 by Marla Lewis

How'd you like to be  
Down in old Hawaii (Come away)  
And taste the mahi mahi (Come and play)  
And feel the Trade Winds blow?

How'd you like to see  
Waterfalls and rainbows? (Everywhere)  
You can see a rainbow (In the air)  
Everywhere you go!

The sun will rise  
On a paradise  
Where lush pineapples grow  
We'll drive to Kilauea  
Or mighty Mauna Kea  
And watch the lava flow!

How'd you like to play  
With dolphins in the ocean (every day)  
And turtles in slow motion, (come and play)  
Wouldn't it be fun?

They're calling us, those Islands of Aloha  
Hear those native drums?  
Just follow me,  
Hawaii, here we come!

(Solo over A, then continue☺)

The stars will be  
Our canopy  
The moon will softly glow  
And Ukulele Lula  
Will teach you how to hula  
If you'd like to know!

How'd you like to stay  
Down in Honolulu? (for awhile)  
We'll buy a purple muumuu (so in style)  
And surf at Waikiki!

They're calling us, those Islands of Aloha  
Here those native drums!  
Just follow me, Hawaii,  
Here we come!
