

## Something New

- VERSE 1:** You can't have a cookie without cookie dough.  
Without a little rain, there'd be no rainbow.  
Gotta take that first step so you can go.  
And go on, you can go on.
- CHORUS:** It can be hard when it's unknown.  
When you've got to break out of your comfort zone.  
And though it's hard, you know it's true,  
You'll be glad you tried something new.
- VERSE 2:** You've gotta take a risk to ditch your training wheels.  
You have to cut your teeth no matter how it feels.  
And both of those count as real big deals,  
So go on — you can go on.
- CHORUS:** It can be hard when it's unknown.  
When you've got to break out of your comfort zone.  
And though it's hard, you know it's true,  
You'll be glad you tried something new.
- BRIDGE:** Well, you can't un-boil an egg.  
And you can't un-break your leg.  
There are things you can't change even if you beg,  
But move on — you can move on.
- CHORUS:** It can be hard when it's unknown.  
When you've got to break out of your comfort zone.  
And though it's hard, you know it's true,  
You'll be glad you tried something new.
- TAG:** Something new, something new, something new.
