

# Virtual School

School time is here,  
And it's a little different this year  
But I still see my friends,  
In gallery view on my screen.

And I don't have to wear shoes  
In the mornings I get an extra snooze,  
And I know that I'll never be late,  
And I won't miss the bus!

We'll go on a virtual trip to the zoo,  
Watch an online tour of an aquarium, too,  
We'll see statues in Paris,  
And paintings that hang in the Louvre.

It's virtual school — yeah, it's online!  
And I know that we're gonna be fine.  
My teachers are there —  
Showing me they care,  
I'll find a way to shine!

We're doing yoga in PE  
I've learned downward dog & can pose like a tree  
I'm mindful and learning  
To be slow & calm when I breathe.

I use normal cups and plates,  
At lunch there's no plastic waste,  
So it's good for the earth  
And the creatures that live in the sea.

And I don't have to wear socks.  
I know I won't lose my lunchbox!  
Or my sweatshirt or hat,  
Lost & Found won't be filled with my stuff.

It's virtual school — yeah, it's online!  
And I know that we're gonna be fine.  
My teachers are there —  
Showing me they care,  
I'll find a way to shine!

It's virtual school — yeah, it's online!  
And I know that we're gonna be fine.  
My teachers are there —  
Showing me they care,  
I'll find a way to shine!

Yeah, I'll find a way to shine!
