(c) 2007 James Brian Coffey

Chorus:

Oh, little peeper what do you say

Oh, little peeper its time to play

Can you tell me what kind of shape you see

(Repeat)

I see a circle in front of me

It goes around and around as plain as can be

Like the sun above, you can't fool me

It's as easy as counting 1, 2, 3

(Chorus)

I see a square in front of me

Four equal sides as plain as can be

Like a perfect box, you can't fool me

It's as easy as counting 1, 2, 3

(Chorus)

A rectangle in front of me

Two long sides as plain as can be

Like my front door, you can't fool me

It's as easy as counting 1, 2, 3

(Chorus)

A triangle yes I can see

It has three sides as plain as can be

Like the Pyramids, you can't fool me

It's as easy as counting 1, 2, 3

(Chorus)
