

6. Little Seed - Mary Jo

Words: Mary Jo Huff

Music: James B. Coffey

Vocals: Mary Jo Huff

Right now I am a little seed
And lots of love I do need

I'm like a child in many ways
For you to care for and to raise

Please feed and water me a lot
And I will thrive and grow like a tot

And just like every little child's face
I will make this world a beautiful place

Right now I am a little seed
And lots of love I do need

I'm like a child in many ways
For you to care for and to raise
