Wings can lift you way up high  
Wings can help you touch the sky  
Wings can land you on the ground  
Wings can keep you safe and sound

Fly so fast, fly so slow  
Fly up high, fly down low  
Little friend, fly away  
Spread your wings so you can play

Flutter here and flutter there  
Little friend fly everywhere  
Oh, so quiet, oh, so shy  
Flutter, flutter, flutter by

Fly so fast, fly so slow  
Fly up high, fly down low  
Little friend, fly away  
Spread your wings so you can play

Little friend, fly away  
Spread your wings so you can play
