Way down yonder where the possum play
Five little frogs are hiding away
Five little frogs are hiding away
Way down yonder where the possum play

Watching the sky for the sun to shine
Five little frogs would dance in time
Way down yonder where their croaking chimed
Five little frogs would dance in time

Way down yonder where the possum play
Five little frogs are hiding away
Five little frogs are hiding away
Way down yonder where the possum play

Digging around with an appetite
Holding each other froggy tight
Five little frogs are hiding away
Way down yonder where the possum play

Possum comes along playing his game
Five little frogs are croaking his name
Croak, croak, croak, possum commin'
Croak, croak, croak, possum commin'
Croak, croak, croak, possum commin'
You could hear them say

Way down yonder where the possum play
Five little frogs are hiding away
Five little frogs are hiding away
Way down yonder where the possum play
