

DANCE AND BOOGIE

With your head you dance and boogie.

With your head, that's what I said.

Chest and shoulders dance and boogie.

Shoulders and chest, you are the best.

With your tummy dance and boogie.

With your tummy it's really yummy.

With your hips you dance and boogie.

With your hip just let it rip.

Chorus:

Now, go up, up, up as you dance and boogie.

Go down, down, down as you dance and boogie.

Turn around, round, round as you dance and boogie.

C'mon, and dance and boogie with me.

With your hands you dance and boogie.

With your hand join the band.

With your elbows dance and boogie.

With your elbows that's how it goes.

With your knees you dance and boogie.

With your knees if you please.

With your booty dance and boogie.

With your booty you're such a cutie.
