

## THE PINKY DANCE

Chorus:

Let's do the pinky, let's do the pinky dance.

Let's do the pinky, let's do the pinky dance.

While we've got the chance.

Bring your hands up, up, up next to your head.

Put your pinkies out, out, out and close up your hand.

Now, move your pinkies down, down, down on top the ground.

Move your pinkies around, around and around and around

Chorus

Move your pinkies above your head, above your head, above your head

Move your pinkies below your knees, below your knees, below your knees.

Now move your pinkies behind your back, behind your back, behind your back.

Put your pinkies under your chin, under your chin, under your chin.
