## **ACTIVITIES**

- 1. Make cards that have printed numerals.*
- 2. Show the cards and point to each numeral as the children respond during the song.*
- 3. Give a card to each student and let them display the card when the numerals on their card show up in the song.*
- 4. Have children line up according to the numerals they have on their card. Mix up the cards so they have to align themselves in the correct order.*
- 5. Start all over again at the end of the song.*
