

The Never Ending Love Song

I've got a never ending love for you.
And for all of my friends here at school.
From the first time we met I knew
I'd have a never ending love for you.

I've got a never ending love for you.
And for all of my friends here at school.
From the first time we met I knew
I'd sing this never ending love song to you.

After all this time of being together.
We can talk to each other, take care of each other
From now on, it's so good I can hardly stand it.

A never ending love for you.
And for all of my friends here at school.
From the first time we met I knew
I'd have a never ending love for you.

After all this time of playing together.
We can share with each other and care for one another.
From now on, it's so good I can hardly stand it.

A never ending love for you.
And for all of my friends here at school.
From the first time we met I knew
I'd sing this never ending love song to you.....
