

# Whales Have Tails

© 2008 Don Dunn

Oh whales have tails that they love to wiggle  
They love to wiggle them up and down  
Oh whales have tails that they love to wiggle  
And when their tail wiggles it moves them around.  
Well dogs have tails too that they love to wiggle  
But the little doggie wiggles from side to side  
When the doggie wiggles it makes you want to giggle  
It makes you, really makes you want to laugh inside.  
Well pigs have tails too that they love to wiggle  
But the little piggie wiggles in a little circle  
When the piggie wiggles it makes you want to giggle  
It makes you, really makes you want to laugh inside
