Animal's World

© 2007 Alyssa Yeager

I am an animal
Alone and lonely
Without a place
To sleep.

Will you help me
See the world around me
And find for me some peace?

I am a bluejay
So small and bright
Looking for
A nest

Will you help me
See the world around me
And find for me some peace?

I am a bluejay
Here with the robins
Lying
In the rain

Will you help me
See the world around me
And find for me some peace?

All around me
Are maple and oak trees
They stand straight and tall

All around me
Are maple and oak trees
They offer me a rest

I am a bluejay
So small and bright
And I have found my home.

I am an animal
Alone and lonely
Without a place
To sleep.

Will you help me
See the world around me
And find for me some peace?

I am a lion
So golden and strong
Looking for
A cave

Will you help me
See the world around me
And find for me some peace?

I am a lion
Here with the mice
Lounging
In the sun

Will you help me
See the world around me
And find for me some peace?

All around me
Are leaves and acorns
That dance in the wind

All around me
Are leaves and acorns
That scatter on the ground

I am a lion
So golden and strong
And I have found my home.
