

He Said She Said

Pam "The Kindersinger" Minor

Chorus:

He said she said do you really see red
Or just say that's not fair
Mean jeers hurt tears steam rolling out of your ears
Shouting arguing gets us....nowhere

V1:

Mean words loud voices
They don't leave us many choices (repeat)
Hitting shoving pulling hair
Arguing gets us.... Nowhere

V2:

Count to ten get some ice
Cool down it pays to be nice (repeat)
Think of something really funny
Don't you know you catch more flies with honey

Chorus

V3:

Deep breath step back
Who cares it's just a wisecrack (repeat)
Nasty words can never be unsaid
Think before you speak use your head

Chorus

Repeat

He said she said do you really see red
