Ant works hard all summer long
She can't stop t'sing a song
Grasshopper helps her along
By playin' on his fiddle
Then when winter snows come round
Ant continues underground
And she invites the Hopper down
So the snow won't make him brittle (Snap!)
Chorus

When someone needs a helpin' hand
Sometimes they upset you
Just let them know you understand
You'll both be glad, I'll bet you!
