

## **A FRIEND LIKE ME**

I knew that they'd kill you,.those cafeteria fish sticks	Em-A, D
I told ya, "Don't eat 'em!..They're like paper mache!"	Em-A, D
But you never listen, and your guts glued together	Em-A, D
Then the ambulance came, and took you away	Bm-E, A-Asus4
So I brought you some homework, I dropped the rest in a puddle	Em-A, D
But I got some fake vomit...that I bought at the store	Em-A, D
Go ahead, you can use it...to fool all the nurses	Bm-G, D
Just wet it and leave it...by your bed on the floor!	Em-A, D

Y'need a friend like me, t'help ya out when things go wrong	G-A-D,G-A-Bm
Y'need a friend like me, just like me!	G-A-D,A-A7
Y'need a friend like me, t'sing you a happy song	G-A-D,G-A-Bm
Y'need a friend like me, just like me!	G-A,D-Dsus4-D

Sally said that your lips got...stuck on that fountain  
While drinking some water...by the Principal's door  
You got bigger and bigger...and you fin'ly exploded  
And you splattered the hallways...and the bulletin boards!  
And then Mr. Wojack...our fav'rite custodian  
Had to scrape you and mop you...off the walls and the floor  
So I came with a bag...to pick up your organs  
Awww, think nothing of it...hey, what're friends for?!

### **Chorus**

Remember your little finger...got plugged in the sharpener  
The one that mashes our pencils..the one that kills and destroys  
Remember Tommy McPherson...he kept cranking the handle  
Sucked you in to your elbow...he loves to play with war toys  
So you screamed for the teacher...but she was grading some papers  
And without even looking...she said "STOP MAKING NOISE!"  
By the time I rushed over...you were nothing but shavings  
And Tommy was smiling...I guess boys'll be boys!

### **Chorus**
