

I BELIEVE YOU

(1:50)

When you tell me you are scared
I will listen 'cause I care
I remember bein' scared too
So when you tell me, I believe you

**A-F#m
F#m-A
Bm-F#m
E-A**

When you're angry or you're sad
Even if you're feeling bad
I remember feelin' bad too
So when you tell me, I believe you

Maybe I can help you with an idea
Maybe I know something that'll make things clear
Maybe I won't know what to do
But I can be a safe place, and I believe you

**D-C#m
Bm-A
D-C#m
E-A**

When I was a kid, I cried
Had a secret deep inside
But the grown-ups could not see
I thought "Something must be wrong with me"

Instrumental break

So when you tell me you are scared
I will listen 'cause I care
I remember bein' scared too
So when you tell me, I believe you.
When you tell me, I believe you.
When you tell me, ... I believe you.
