

## DRAGON WHO FLIES BY MY WINDOW

(c-2) E to D

(3:47)

There's a dragon who flies by my window  
Just about every night  
He begs me to come out and fly with him  
And maybe I'll do it, ... some night.

D(000232)-D(000235)-A(000655)-G(000433)

(repeat)

But I'm just a kid, and I need my sleep  
And he bugs me and keeps me awake  
And when I tell him "No!", he whines and he says  
"Leap up on my back and we'll make,  
A flight around the whole world!  
Or maybe just across town  
C'mon! Let's go up to my mountain  
We can check out what's goin' down!"  
He sings,

But I always say "That's okay  
I'd rather sleep here with my toys  
(Yawn) Come back tomorrow night if you want,  
But you better not make any noise!  
Cause if my parents hear you outside  
They'll get very, very uptight!  
They don't want me flying with dragons  
Especially on a school night!

N'he says "Hey, that's cool,"  
Then he puckers his lips  
And he gives me a soft dragon kiss  
And he hovers outside and he sings me to sleep  
And his song sounds something like this, ...  
Chorus

G(000787)  
A(0-0-0-9-10-9)  
D(0-0-0-10-11-10)-G(000787)

It's been a long time since I've seen him  
I hope that he visits me soon  
'Cause I wonder what it would be like  
To fly on his back to the moon  
High over town through the sky  
He never did anything wrong  
But he was a dragon, you know, ...  
And some nights I still hear his song  
Chorus

There was a dragon who flew by my window  
Just about every night  
And I never went out to fly with him  
But maybe I'll do it, ... some night.  
Chorus (quietly)
