

## **WAS ST PAT SCARED?**

St. Pat drove the snakes out of Ireland	A7-D-A-D
Tho' snakes are God's creatures too	G-D
And they probably scared St Patrick a bit	G-D
And they might even frighten you	E-A
But getting rid of all the snakes	D-A-D
Won't make your fear go away	G-Bm
It puts it off for awhile	G-D
But your fear will come back some day, some daaaay	A-Bm-G
Your fear will come back some day	D-A-D-A7

So you go somewhere else and get frightened  
Maybe by spiders this time  
You can crush all the spiders with books, y'know  
But killing them's kind of a crime.  
Cause all life is sacred  
In my heart, I know it's true  
These animals just are trying their best  
T'stay alive like we do, we dooo  
To stay alive like we do.

When you kill the things you're scared of  
You loose what you need to explore  
To learn t'grow and be stronger  
To stop being scared like before  
So if you hate spiders and snakes  
There's one thing that is clear  
If you kill 'em or crush 'em or chase 'em away  
You never get rid of your fear, your fear  
No, you never get rid of your fear.

Those creatures are here for a reason  
God made 'em and He's no fool  
We can't avoid Life's lessons  
We learn that at home and in school.  
So don't copy old St Patrick  
Who never conquered his fear  
God didn't make this world for just us  
People living here, my dear, noooo!  
It's for all the creatures here!

St Patrick just felt frightened of	D-A-D
What us other creatures do	G-Bm
So give us a break! Don't be frightened of me	G-D
And I won't be frightened of you, of youuu, nooo!	A-Bm-G
Give us a break! Don't be frightened of me	G-D
And I won't be frightened of you!	A-A7-D
