

06 POLOGIST+ (:42)

P: We followed the trail all the way up to where the old dam used to be, ... and we saw where the engineers had restored the creek to it's natural condition. At that point, ... we took another path. The sign had an arrow that said "Up To High Ground Camp". And we walked and talked and sang, ... and after another 1/2 hour, .. we heard, ...

Leon: Are we there yet?

Andre: My pack it too heavy!

Bailey: Can we rest?

P: We're almost to the big oak. We can rest there.

Ricky: Where's the big oak?

P: Just past those railroad tracks up ahead

Andre: Hope we see a train!

Bailey: We're out in the country, ... trains don't come here much.

P: One came by, ... just a minute ago!

Leon: How do you know?

P: I can see it's tracks!

All: (groan!)

P: What? What!?
