**Cho: I play with dolls and I wear pink
I don't care at all, what anybody thinks**

**1: I loved pink when I was a kid
I wanted to play like my big sisters did
We dressed in pink, ... pink ribbons in our hair
Danced, had fun and we didn't have a care
My sisters loved me, made me proud
So when I sing, ... I sing this song loud!

**2: Eileen O'Connell lived a few doors down
The best little soccer player in our town
She was faster than you, tougher than me
She was the girl we all wanted to be!
She showed me how to live life, honest and true
This song's for her, and for me and you too!
Cho: & Instrumental Cho:**

**3: I sang this song and somebody said
"Don't sing it for boys! It'll mess with their head!"
I heard what they said, but I disagree
This song's for all the pink kids like me
So rock on boys, ... some little, some grown
We might be different, but we're not alone! C'mon!**

**Cho: We play with dolls and we wear pink!
We don't care at all, what anybody thinks**

**Brdg: Pink is just a color, a doll is just a toy
We don't wanna miss all the fun
Just 'cause we are boys!**
