

## IT'S MY PENIS

What's that hangin' down between my legs?  
Looks like a sausage between two hard boiled eggs!  
And sculptors usually got it covered with leaves  
Now I wonder what it could be?

Cho: Oh! It's my penis! My penis!  
Y'see how much has truly come between us  
It's my penis, my penis!  
Let's start again, and this time be friends!

*(Spoken) Let's try it all together, c'mon,  
I know some of you will have to use your imaginations,  
But if you're having trouble saying this word, just practice,  
Roll it around in your mouth a little and see how it feels!*

Some say you're a symbol of power and hate  
And some say you're a weapon to dominate  
But you don't look that mean to me  
When y'draw in the snow with my pee!

Chorus *(C'mon, give it a try! It's not hard!)*

Now you don;t have to get it up like there's a record to prove  
Limp or erect, it still feels good  
And all that guilt's just a-holdin' you down  
It's not a contest for cryin' out loud!

Chorus *(See?! You're gettin' the hang of it!)*

Well we needed this talk, little penis-to-heart  
We're on the same body but so far apart  
And even though I'm here a-talkin' to you  
Y'know we're really one and not two!

Chorus *(Just the women! Yeah! Now everybody! Follow the bouncing balls!)*  
Chorus
