

LOVE IS THE ONLY MEDICINE

When you hurt	F
You hide it away	F-C7
You carry the pain	C7
Where it rains everyday, ahhh	C7-F(run=a1a0e3e1)-C7
So deep inside	
Where no one can see	
When someone hurts you	
You don't trust nobody, you need	

Cho: Love. It's the only medicine	F-C7
Love. It makes you feel better my friend	C7-F-C7
Love. It's the only medicine	
Love. It makes you feel better my friend	

We suffer abuse
From someone we love
We stay even though
We know push turns to shove
We hold on too long
Sustain injury
We know we should go
But sometimes we don't see, we need

Love. It's the only medicine	F-C7
Love. It makes you feel better my friend, hey	C7-F-C7
Love. It's the only medicine	F-C7
Only love can heal you,	Bb-F-C7-F
Only love, love!	Bb-C7
Only love can heal you!	Bb-F-C7-F

If someone is mean
We know right away
That one has a wound
That one is in pain
That soul has a wall
Crushing the heart
They pass on the hurt
And again it will start, they need

Chorus
