Catepillar crawls
Into her cocoon, "Good bye!"
Everything changes constantly
Now she's a butterfly!
This is Number One
Everything changes under the sun
So take some chances, have some fun
Do the best you can do!

Stick your hand in the cookie jar
Take a big handful and you get stuck
You better let go or you won't get one
You'll be out of luck!
This is Number Two
Don't hold on too tight
Sometime you gotta let go
Just to make it through this life.

Chorus

Some folks think I'm scary
Big and mean and hairy!
But life it temporary, my message is clear
Check it out, before you check out of here

Now let's suppose that no one died
No one worried and no one cried
Then there wouldn't be a reason to try
To do the best you can do!
This is Number Three
It's not how long you can survive
It's how you live when you're alive
So do the best you can do!
Chorus

Cho: Meet me at the rainbow's end
Fill your life with love my friend
Real love will never end
It's the best we can do!
Love's the best we can do!
Love's the best, ... we can do!
