With you
I'm not scared to be vulnerable (I'm not scared to be vulnerable)
You know
Just what I need to hear
No matter what I'm going through (you always listen to what I gotta say)
When I'm with you

It feel like I'm on a rocket ship (on a rocket ship)

Let's soar the galaxy (let's soar the galaxy)
Leave Earth to everyone else

So come aboard my vessel (let's go)
Because you're special (special)
You're so celestial
So baby let's go
I know you felt it
We met and I melted
And I thank God that She put you in my life
(thank God that She put you in my life)

Now I don't know what to do with myself
I'm blessed (so blessed)
Cause you decided to journey with me on this quest (let's go)
I won't let you down (down down)
Girl I got superpowers (Supa Dupa Fly)
You're all I needed
We bring each other balance

So come aboard my vessel (vessel)
Because you're special (special)
You're so celestial
So baby let's go
I felt it happen
It's intergalactic
And I thank God she put you into my life
