

All By Myself

Living alone
I think of all the friends I've known
And when I dial the telephone
Nobody's home
Nobody's home

Oo....

All by myself
Don't wanna be
All by myself

All by myself
Don't wanna be
All by myself

Hard to be sure
Sometimes I feel so insecure
And love can be so obscure
Remains the cure, remains

All by myself
I don't wanna be
All by myself

All by myself
I Don't wanna be
All by myself

All by myself....
