

Dust Bunny
words and music by Priscilla Ahn

In the night when I get scared
I'll remember nothing scary is there

When the wind begins to howl
And the trees start to sway
Don't be afraid
The trees just wanna play
Wanna play, wanna play, wanna play

In the night when I get scared
I'll remember nothing scary is there

And when I open the closet door
Or look under the bed
There are no monsters in the dark
Just a few dust bunnies instead
Dust bunny, dust bunny, dust bunny
Dust bunny, dust bunny, dust bunny
(hop hop hop hop)

In the night when I get scared
I'll remember that nothing scary is there
