Time to get up, little monkeys. Time to brush your hair,
And brush your teeth, and get all ready for the day.

Chorus (X2)

I brush my hair. (Kids: I brush my hair.) I brush my teeth. (I brush my teeth.)
But with different brushes. (Different brushes?) Yes, isn't that neat. (It is!)

Verse

I wake up. My teeth feel dirty, and my hair is a mess.
So I brush them with different brushes, and I do my best.

Chorus

All right, kids. I have a question for you.
What do you brush? (We brush our hair.)
That's right. You brush your hair.
And what else do you brush? (We brush our teeth.)
That's right. You brush your teeth.
But with the same brushes?
(No! With different brushes.)
Isn't that neat? (It is!)

Chorus (X2)
