

## ALPHABEAT

A Derivative Work, based on "Rockin' Robin"

by Jimmie Thomas;

Public Domain song.

New Lyrics by Rachel Arntson and Chez Raginiak

Recording 2004 Rachel Arntson and Chez Raginiak

Hey gang, are you all ready to sing and eat to the Alphabeat?

I knew you were. Here's how we do it.

Pizza, pickles, popcorn, too.

P - P - P That's the sound that we do.

Eat them. Eat them. How about you?

Pizza, pickles, popcorn, too.

P - P That's the sound we do. P - P That's the sound we do.

P - P That's the sound we do. Pizza, pickles, popcorn, too.

Oh man, I ate like a pig! Let's do another one.

Tacos, toast, and turkey, too.

T - T - T That's the sound that we do.

Eat them. Eat them. How about you?

Tacos, toast, and turkey, too.

T - T That's the sound we do. T - T That's the sound we do.

T - T That's the sound we do. Tacos, toast, and turkey, too.

That was terrific for my tummy. Let's try this one.

Carrots, cake, and cookies, too.

C - C - C That's the sound that we do.

Eat them. Eat them. How about you?

Carrots, cake, and cookies, too.

C - C That's the sound we do. C - C That's the sound we do.

C - C That's the sound we do. Carrots, cake, and cookies, too.

Hey, you're a cool cookie. I mean a cool cook. Let's try another one.

Soup and salad, sausage, too. S - S - S That's the sound that we do.

Eat them. Eat them. How about you?

Soup and salad, sausage, too.

S - S That's the sound we do. S - S That's the sound we do.

S - S That's the sound we do. Soup and salad, sausage, too.

What a super supper. All right, we're going to do one more.

Cheese and chicken, cherries, too.

Ch - Ch - Ch That's the sound that we do.

Eat them. Eat them. How about you?

Cheese and chicken, cherries, too.

Ch - Ch That's the sound we do. Ch - Ch That's the sound we do.

Ch - Ch That's the sound we do. Cheese and chicken, cherries, too.

I don't know about you guys, but all this talk about food makes me hungry.

I want some pizza (pizza), with extra cheese (cheese),

and then some cookies (cookies).

Oh yes, and there's plenty to share.
