

GET ON UP!

Enrico Lopez-Yañez & Ruth Weber

It's 10 o'clock on a Saturday
You're still sleepin' and it's getting late
Feelin' sad, you don't know why
It's a beautiful day with a clear blue sky

Got no inspiration, got no drive
Mom checks to see if you're still alive, and says,
"Stop moping and I'll sing a song
You'll feel better when you sing along," so

GET ON UP! And dance while you've got time
GET ON UP! feel the rays of sunshine
You're gonna glow like the stars above just
GET ON UP and spread your love!

Dad's pickin' pears, brother's mowing the lawn
Sister's cartwheeling 'til her balance is gone.
Even the dog's out chasing the squir'ls
Something to do for each boy and girl

Throw off the covers, let's start grooving
You'll feel great once you get movin'
No telling where we might go
We're all here, ready to go, so let's

GET ON UP! And dance while you've got time
GET ON UP! Feel the rays of the sunshine
You're gonna glow like the stars above just
GET ON UP and spread your love!

Grandpa's on the porch in his rockin' chair
Light breeze blowin' where he's got no hair
Sees kids playin' out in the street
Ball flies over and hits his feet

Says "Hey kids send more my way,
I am old but I still play."
"Wow Mr. Johnson you're a cool old man,
Toss a few while you still can," gotta

GET ON UP! And dance while you got time
GET ON UP! and feel the rays of sunshine
You're gonna glow like the stars above just
GET ON UP and spread your love.

(REPEAT CHORUS)
