

A LITTLE KID WITH A GREAT BIG HEART

By Ruth Weber

Ev'ry time I tried to help out a grown told me, "wait"
They said that I had school work or too much on my plate
But now we're gonna save this bay and I will do my part 'cause I'm a
Little Kid With a Great Big Heart.

I'm not afraid to lend a hand when work needs to be done
Saving fish by cleaning up is really lots of fun.
I'm closer to the ground and I see where the problems start
Cause I'm a Little Kid.....

CHORUS:

I'm Just a Little Kid With a Great Big Heart
If you need someone to help you I'm quick and I'm smart
I can make a diff'rence with a bucket or cart
'Cause I'm a Little Kid With a Great Big Heart.

Friends I sure could use your help, quick ask your mom or dad
We're gonna be the bestest crew this world has ever had
Cleaning up the garbage that has torn this place apart *
'cause we're little kids....

CHORUS:

We're Just Little Kids With Great Big Hearts
If you need someone to help you we're quick and we're smart
We can make a diff'rence with a bucket or cart
'cause We're Little Kids With Great Big Hearts.
