

WE'RE GONNA BE LEGENDARY

We're the future, and we've been given
The chance to change this world we live in
No time for hatred, or for war
Helping out's what we're here for
Impossible is just a declaration
Cause we're born to be, the super generation

CHORUS:

We're gonna get up, get up, ev'ry day
Live our lives in a positive way
Ev'ry obstacle we face, is a challenge we'll embrace
We're gonna get up, get up, ev'ry day,
Do our best come what may
Impossible is only temporary
WE'RE GONNA BE LEGENDARY

Too much fighting on the street
Too many don't have food to eat
But first two, then three, and four
Can make things better than before
"It can't be fixed" is just a declaration
when we all join hands...to change the situation

REPEAT CHORUS

BRIDGE: Gonna be Gonna be, Gonna be, the best that we can be

And make a better world for you and me

REPEAT CHORUS
