

Repair the World

Chorus:

Repair the World, Repair the World, everyone,
Repair the World, the time is now, there's work to be done
And we can make a difference, no matter how small
Repair the World, Repair the World, one and all

Mending the world, one step at a time
With a little bit of caring ev'ry day, the future will be fine
Let's plant the seeds of love and hope then watch a garden grow
The world we dream of living in is what we'll come to know,

Chorus:

Repair the World, Repair the World, everyone,
Repair the World, the time is now, there's work to be done
And we can make a difference, no matter how small
Repair the World, Repair the World, one and all

The animals, the plants, and trees all need our love and care
And it's our job to help protect the water and the air
If we take care of mother earth, recycle and re-use.
The human race will flourish from the steps that we choose,

Chorus:

Repair the World, Repair the World, ev'ryone
Repair the World, the time is now there's work to be done.
And we can make a difference, no matter how small
Repair the World, Repair the World, one and all.

If we reach out to a stranger who needs a helping hand
Hear with our hearts open and try to understand
That all of us are players in one big happy band
The world will be a better place if we all take a stand and..

Chorus:

Repair the World, Repair the World, everyone
Repair the World, Repair the World, there's work to be done.
And we can make a difference, no matter how small
Repair the World, Repair the World, one and all.
