

EVERYTHING IS BETTER WITH BUBBLES

Everything is better with some BUBBLES, (bubbles, bubbles)
Let's all search and see if we find doubles, (doubles, doubles,)
It's fun to be clean and watch the dirt erase
when we spread those BUBBLES all over the place.
So let's scrub, scrub, scrub, our hands and face with BUBBLES
(bubbles, bubbles)

It's been a hard day of school and play and it's time to go to bed
Dad tells me to take a bath when I wanna play instead.
But when he opens the faucet in the tub
And I see those BUBBLES go bubble-dee-dub
I wanna go in there with my toys
to splash around and make some noise, cause

When we're finished with our dinner and there's food stuck on the plate,
Mom says, "We need wash 'em before it gets too late."
So we fill the sink and make some suds
and scrub, scrub, scrub off all the crud,
and while we do this we sing away our troubles
its just something about those wonderful BUBBLES!

Help me sing it now!

Everything is better with some BUBBLES, etc.

Ending:

I'm gonna chase 'em, and pop 'em and put 'em on my nose
They make me feel happy from my head to my toes 'cause
Everything is better with some BUBBLES! (That's right!)
