

Gonna Plant A Garden

Music & Lyrics by: Judy Caplan Ginsburgh

Chorus:

I'm gonna plant a garden in my back yard
I'm gonna plant a garden in my back yard
I'm gonna plant a garden in my back yard
Help me plant my garden.

Add the following verses:

The sun will shine in my backyard...shine all around my garden
The bees will buzz in my backyard...buzz all around my garden
The wind will blow in my backyard...blow all around my garden
I'm gonna water the plants in my backyard...water all around my garden
I'm gonna put a scary scarecrow in my backyard...to scare all the bad things from my garden
The flowers will grow in my backyard...grow tall in my garden.
