Count by Fives (100th Day Version)

Come on come on everybody stand up
We're gonna count by fives
Come on come on everybody stand up
We're gonna count clockwise
Stop on numbers that end with a zero
Or groups of ten that's why he's the hero
If the counting stops on you
We'll start with the next in line

Okay. Let's count to one-hundred by fives stopping on each number that ends in zero.
Or groups of ten! That's where I come in.
That's right Zero. Groups of ten. Let's count.

ACTIVITY SUGGESTIONS: This is an activity that you may want to try without the music for a few weeks. Stand everyone in a circle facing inward and pick a starting point. Have that child start the counting to one-hundred by fives moving clockwise around the circle with each person in turn saying the next number. When you come to any number that ends with a zero, stop the counting and have the person who said that number sit down. Once they are sitting, resume the counting. When the counting comes back around to any person sitting down, skip over that person. Continue the game until there is only one child left. You can have the children pass an object around the circle to signify whose turn it is so that everyone can join in on the counting; even the children who are sitting down.
