

# Movin' On To First Grade

We've been learnin' how to read, and learnin' how to write  
and even how to illustrate  
We did a little dance, when we got the chance  
Kindergarten's been really great

We love our teachers  
and the friends that we've made  
Goodbye Kindergarten  
Movin' on the 1<sup>st</sup> Grade!

The first day that we came, we learned each others' names  
and wrote them in our places  
We had some butterflies, we opened up our eyes  
and saw all the happy faces

We love our teachers  
and the friends that we've made  
Goodbye Kindergarten  
Movin' on the 1<sup>st</sup> Grade!

There's centers where we paint, centers where we write  
and centers where we build with blocks  
Centers to explore, chicks and dinosaurs  
'cuz Kindergarten really ROCKS!

We went a lot of places, and saw a lot of faces  
and learned how to get along  
It was really pleasing, going through the seasons  
with the help of books and songs

We love our teachers  
and the friends that we've made  
Goodbye Kindergarten  
Movin' on the 1<sup>st</sup> Grade!

It's gonna be so cool, next year at our school  
with all the teachers we're gonna meet  
Learning to read better, and writing fancy letters  
and sitting quietly in our seats (yeah right)

We love our teachers  
and the friends that we've made  
Goodbye Kindergarten  
Movin' on the 1<sup>st</sup> Grade!

Movin' on the 1<sup>st</sup> Grade!  
Movin' on the 1<sup>st</sup> Grade!
