

When I Grow Up

When I grow up, in a long, long time,
When I grow up, in a long, long time,
When I grow up, in a long, long time,
Just you watch me, I'll go far.
I'm gonna' be a superstar.

When I am ten, I'll learn to cook.
When I am ten, I'll read chapters books.
When I am ten, I'll play guitar.
Just you watch me, I'll go far.
I'm gonna' be a superstar.

When I'm sixteen, I'll go on dates.
When I'm sixteen, I'll stay up late.
When I'm sixteen, I'll drive a car.
Just you watch me, I'll go far.
I'm gonna' be a superstar.

When I'm thirty-five, I'll fly a plane.
When I'm thirty-five, I'll have a big brain.
When I'm thirty-five, I'll own a car.
Just you watch me, I'll go far.
I'm gonna' be a superstar.

When I'm one hundred and one, my skin'll be bumpy.
When I'm one hundred and one, I might be grumpy.
When I'm one hundred and one, put my teeth in a jar.
Just you watch me, I'll go far.
I'm gonna' be a superstar.

When I grow up, in a long, long time,
When I grow up, in a long, long time,
When I grow up, in a long, long time,
Just you watch me, I'll go far.
I'm gonna' be a superstar.
