

When It's Cold Outside

Susan Salidor

(Here in Chicago, the winter brings very cold weather, but we still like to play outside. So when it's very cold, we wear our winter coats, of course but that's not all. See if you can guess what else we wear.)

When it's cold outside
On my head
I wear a (hat) (Good!)

And when it's cold outside
Around my neck,
I wear a (scarf) (Good!)

And when it's cold outside
On my hands
I wear a pair of (Gloves, mittens)
(Mittens or gloves, good!)

'Cause when it's cold outside
I have to dress warmly
Unless I stay inside

(Good! Well, spring brings the
First flowers and lots of rain
And we still like to play outside
So when it's raining
We wear our raincoats but that's
Not all. See if you can guess what
Else we wear, okay?)

When it's raining
In my hand, I hold an
(Umbrella!) (That's it!)

And when it's raining
On my feet
I wear a pair of (boots) (Good!)

And when it's raining
On my face I wear a
(Smile!) (Smile! Good!)

'Cause when it's raining
I have to stay dry as toast
Unless I stay inside

Well the summer brings warm temperatures
And long sunny days
And, of course, we play outside. When it's
Very sunny, we wear very little. See
If you can guess what we do wear.)

When it's hot outside
On my feet
I wear a pair of
(sandals! Flip-flops!)
(Good! Sandals or flip-flops! Good!)

When it's hot outside
On my head
I wear a (Sunhat!)
(A sunhat! Good!)

And when it's hot outside
On my whole body
I rub on (Sunscreen!)
(Sunscreen! Good!)

'Cause when it's hot outside
I have to protect myself
Unless I stay inside

And when it's raining
I have to stay dry as toast
Unless I stay inside

And when it's cold outside
I have to dress warmly
Unless I stay inside
