

We're Building a Better World

Ellen Allard

We're building a better world
We're building a better world
We're building a better world
One person at a time
And the world goes around and around
The world goes round and round and round!
And the world goes around and around
The world goes round and round and round!

We're building a world with love (Why not love?)
We're building a world with love (Why not love?)
We're building a world with love (Build with love)
One person at a time.
And the world goes around and around
The world goes round and round and round!
The world goes around and around
The world goes round and round and round!

We're building a world with hope (Why not hope?)
We're building a world with hope (Why not hope?)
We're building a world with hope (Build with hope)
One person at a time
And the world goes round and round
The world goes round and round and round!
Well, the world goes round and around
The world goes round and round and round!

We're building a world with peace (Why not with peace?)
We're building a world with peace (Why not with peace?)
We're building a world with peace (Build with peace)
One person at a time

And the world goes around and around
The world goes round and round and round!
The world goes around and around
The world goes round and round and round!
Oh, the world goes round and around
The world goes round and round and round
Oh, the world goes around and around
The world goes round and round
Round and round and
Round and round
And round
