

# Circling 'Round

Susan Salidor

---

We're circling 'round  
We're circling 'round  
We're circling 'round all together

To the left and the right  
From morning 'til night  
We're circling 'round hand in hand

We slowly tiptoe to the middle  
And say hello to our friends  
We slowly step back to the circle  
And that's how this circle dance ends

We're circling 'round  
We're circling 'round  
We're circling 'round all together

To the left and the right  
From morning 'til night  
We're circling 'round hand in hand

All over the world people dance  
From Jerusalem to Mexico  
Dancing's a language that everyone speaks  
Arms, hands, heads, legs and toes

We're circling 'round  
We're circling 'round  
We're circling 'round all together

To the left and the right  
From morning 'til night  
We're circling 'round hand in hand

We slowly tiptoe to the middle  
And say hello to our friends (hello, hi, hello!)  
Then we slowly step back to the circle  
And that's how this circle dance ends

*Well, my friends, you get to do the circle dance  
all by yourselves without me singing at all. Just  
listen to John and his accordion and dance.  
Here You go!*

(Instrumental)

*That's terrific!*

All over the world people dance  
From Jerusalem to Mexico  
Dancing's a language that everyone speaks  
Arms, hands, heads, legs and toes

We're circling 'round  
We're circling 'round  
We're circling 'round all together

To the left and the right  
From morning 'til night  
We're circling 'round hand in hand
