---

Let's all go marching around a chair  
Throw up our arms into the air  
And wave our hands from here to there  
As we go marching around the chair

Let's all go hopping around the table  
Try on one foot if you are able  
And when we FREEZE, try to be stable  
And let's go hopping around the table

Let's all go stomping around the floor  
Pretend that you're a dinosaur  
Now take a breath and let's all roar  
And let's go stomping around the floor

Now in the middle, let's spin around  
We'll reach up high, then touch the ground  
And with our voices make silly sounds  
And we'll go spinning round and round

Let's all go strutting around the rug  
Like choo-choo trains, chug-choo-choo-chug  
And then we'll stop and give a shrug  
And then go strutting around the rug

This is the end so let's be quiet  
Tip-toe around why don't you try it  
This is no time to cause a riot  
Tip-toe around and then be quiet.
